

THE PROPOSITION:

The October 14th, 2017 Election consists of one Proposition to fund \$18,600,000 in 20-Year General Obligation Bonds for the purpose of making the outlined District 9 school improvements.

★ The estimated funding required for this proposal is a levy of 8.5 Mills. ★

District 9 has a track record of growth in assessed property value. Why is this important? If District 9 assessed property values continue to increase in future years, millage will decrease in like proportion.

DOES HOMESTEAD EXEMPTION APPLY?

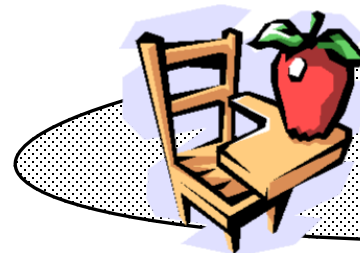

YES! Homestead Exemption is a provision of the Louisiana State Constitution.

HOMESTEAD EXEMPTION APPLIES TO ALL SCHOOL BOND PROPOSALS.

The Natchitoches Parish School District 9 Improvements Program focuses on:

- ◆ Major Facility and System Upgrades at District 9 Campuses.
- ◆ Enhancement of Campus Security Fencing and Systems.
- ◆ Energy & Maintenance Savings.
- ◆ Priority Repairs and Necessary Modernization.
- ◆ New Buildings for Academics and Athletics at the Junior High and High School.

Home Value	Homestead Exemption	Taxable Value	Amount Placed on Tax Roll*	8.5 Millage Total	Approximate Total Tax Due
\$ 100,000.00	\$ 75,000.00	\$ 25,000.00	\$ 2,500.00	0.0085	\$ 21.25
\$ 150,000.00	\$ 75,000.00	\$ 75,000.00	\$ 7,500.00	0.0085	\$ 63.75
\$ 200,000.00	\$ 75,000.00	\$125,000.00	\$ 12,500.00	0.0085	\$ 106.25
\$ 250,000.00	\$ 75,000.00	\$175,000.00	\$ 17,500.00	0.0085	\$ 148.75
\$ 300,000.00	\$ 75,000.00	\$225,000.00	\$ 22,500.00	0.0085	\$ 191.25

BUILDING FOR OUR CHILDREN'S FUTURE

Improvements to Natchitoches City Schools

On October 14th, 2017, the citizens of the Natchitoches Parish School District 9 will have the opportunity to vote on a proposition that is important to all City of Natchitoches Schools. The proposition on the ballot focuses on renovations and new construction to positively position all District 9 schools for the future.

THE ISSUES:

- ◆ Major Mechanical, Electrical & Communication Systems are approaching 20 years old at all schools and need major upgrades.
- ◆ Restrooms at all schools are in need of a major facelift.
- ◆ Security fencing and camera systems at each campus should be updated.
- ◆ Outdoor activity spaces at most campuses are in need of repair or replacement.
- ◆ The cost of campus and building repairs exceeds normal maintenance funding.
- ◆ Natchitoches Junior High has inadequate restrooms, gymnasium bleachers in need of replacement, a worn out parking lot and track, and no restroom or concessions facility for the public at the football field.
- ◆ Natchitoches Central High School is overcrowded and in need of additional classroom space.
- ◆ NCHS has completely outgrown the old fieldhouse and has no grandstand and restroom/concessions facility for the public at the football field.

THE PLAN:

The strategy for the District 9 Improvements Program is to address real needs at each campus in a responsible manner to enhance the learning environment for over 4,300 students. As outlined in the following detailed program, necessary long-term improvements are listed for each school with an emphasis on:

- ◆ Modernization, energy efficiency, necessary repairs and upgrades, security and savings in maintenance costs.
- ◆ Enhancement and expansion of facilities and programs at the Junior High and High School.
