## GUIDELINES FOR DIET PRESCRIPTION FOR MEALS AT SCHOOL

*These guidelines and requirements have been established to ensure the safety of students when a medically necessary menu change must be implemented.*

- Please submit a current Diet Prescription Form each year to ensure that we have the most up to date information on your child. (example: please use DIET PRESCRIPTION FOR MEALS AT SCHOOL 2016-2017)
- Please complete all sections, including student's name, school, date of birth, parent's name, address, and telephone number.
- The Diet Prescription, Food Intolerance, and Food Allergy sections must be completed and signed by a Physician or a recognized medical authority.
- Choose and complete the area that applies to the student: diabetic, calorie count, texture modification, other diet prescription, food intolerance, or food allergy.
- Diabetic Meal Plans:
  - List the carbohydrate grams (45 grams, 60 grams, etc.) required for breakfast, lunch, and snacks.
  - Carbohydrate counts of the menu are provided on a weekly basis.
- If the student requires a specific amount of calories, please list the caloric amount for breakfast, lunch, and snacks.
- If the student requires a texture modification, indicate the necessary consistency.
- If the student has a **Food Intolerance (digestive system response) – Level I**, check the foods that apply. The indicated intolerable foods will be eliminated from the student's meal tray in its whole form. (example: The student has an intolerance to eggs, the student will not be served whole eggs such as scrambled eggs, hard boiled eggs, etc.)
- If the student has a **Food Allergy (immune system response) – Level II**, check the foods that apply. The indicated allergen foods will be eliminated from the student's meal tray in its whole form as well as any food that contains the allergen food as an ingredient (example: The student has an allergy to eggs, the ingredient listing will be reviewed for eggs and any foods containing eggs will be eliminated from the student's meal tray).
  - Please indicate if the student has a history of an inhalation induced anaphylaxis reaction to the specified allergen.
- Diet restrictions due to religious beliefs are acknowledged by completing a current diet prescription and indicating "Other diet Prescription." Please indicate reason (example: due to religious beliefs).
- Menu substitutions will be provided at the discretion of the Child Nutrition Services Office according to current food availability.
